INK SIGNATURE RETEXTURISING/ STRAIGHTENING

P.O.A

Using new technology for increased conditioning and smoothing. It contains softening waxes designed to give a natural looking finish that contains NO FORMALDEHYDE. Beautifully straight, shiny hair like never before. The results are volume control, tamed frizz, easier to blowdry, more conditioned and healthy looking. Curl, thickness and length of hair varies from person to person.

OMNILUX LIGHT THERAPY

Omnilux Light Facial	120
----------------------	-----

Light therapy works by complementing the body's own natural ability to refresh the skin and renew moisture to plump up skin. Omnilux is also ideal for treating pigmentation and acne related conditions the natural way.
